MARYVILLE MUST CONSERVE COAL

SCHOOL BOARD GIVES FUEL TO MAYOR FOR DISTRIBUTION.

SITUATION ACUTE NOW

Orders Will be Filled Only After Investigation and at Price of Cost to City.

At a meeting of the city school board last night the school supply of coal was given over to Mayor Garrett for distribution to relieve the coal shortage that is now becoming acute in Maryville.

Mayor Garrett will distribute this supply with the most careful discrimination and every effort must be made by all business operators and residents in the city to conserve coal, electricity and water as a means of averting suspension of public utilities and postponing a crisis which may come if precaution and strict economy is not used.

This coal will be given out at a price of $9 per ton and the drayage. It has been purchased out of the school fund and the city must reimburse the school board. The price is set as an estimate of what the next supply of coal will probably cost. Should it be less, all persons buying coal will be refunded the difference in price. The city purchases coal at car load rates and will give the people the benefit of these prices. The orders must be cash on delivery. No one will be given coal only through order of the Mayor and all calls will be investigated.

There are now on hand approximate 50 tons of coal. The school requires about a ton per day in weather as mild as the present week. In the extreme cold weather, the daily requirement is from 7 to 10 tons. The city water plant uses 4 to 5 tons per day, the amount used here not being governed by the weather.

At the light and power plant, there only a small amount of coal on hand. A car of crude oil was received today to supply the oil burner by which Manager Hellmers hopes to supply the day power. No predictions can be made as to the future.

As a matter of public economy, the Mayor of Trenton has made the following rules:

All six o'clock closing business houses to close at 5 o'clock.

All other business houses to reduce light consumption 75 per cent from 5 o'clock to 8 o'clock each evening; and no business to remain open after 10:30

All electrically light display signs turned off from 5 p. m. to 8 p. m.

White way posts reduced to one light each.

SAVE WATER. Each consumer to reduce consumption of water to the lowest possible amount.

Discontinue street washing.

Save fuel on hand in every way possible.

REV. SNODGRASS ADDRESSES LARGE CROWD LAST NIGHT

Sermon Tonight Especially Good for Members Will be "Every Man on the Job."

"Every Man on the Job," will be the subject of the sermon preached by the Rev. R. E. Snodgrass at the First Methodist church revival tonight. The church was practically filled last night despite the threatening weather. The singing of Prof. J. A. Kay is greatly enjoyed and his whistling is an attractive feature of the song service. Todays meetings will be the last of the cottage prayer meetings for this week and announcement will be made Sunday as to their continuance for next week. There will be no prayer meetings held anywhere tomorrow. Tonights sermon will conclude the sermons directed especially to the church members.

Last night Mr. Snodgrass spoke upon the subject, "Fishing" taking the text from Matthew 4:19 "Come ye after me and I will make ye fishers of men," and the substance briefly was;

"We have here two responsibilities, man's and God's. We must follow Him. This is our responsibility. It is my belief that God has much respect for the man outside who makes profession as he does of the man inside the church who does not work at the business and makes no effort to live up to his boasted pretensions. If there is one person on earth who has a safer pass port to hell than another, I believe him to be the hypocrit in the church. The church cannot hope to win this world to Jesus Christ so long as it continues in a godless, cold backslidden condition."

"We must follow Jesus through sacrifice, through humility and through forgivness. Jesus sacrificed for you. I believe he could have become immensely rich if hed turned his attention to the enterprising schemes of his day. But he became the poorest of the poor for the sake of the Kingdom. He was the humblest of the humble. He would plant a kingdom but not of this world. He would reign but only in the hearts of men. He touched the bier of the dead, challenged the corruption of the flesh called back the departed spirit to the lifeless body and then walked away as if he were coming from the carpenters bench. He would preach the world's greatest sermons and then walk away as if any of his audito rs could have done just as well. They would place the crown upon his head but he would steal away from the multitudes and go into the mountain to be alone with his father in Heaven. He practiced forgiveness. While hanging upon the cross he prayed, 'Father forgive them for they know not what they do,' when he gave the commission he told the disciples to go first to those whose hands were yet warm with his own life blood. No man had a right to pray, 'Father forgive me my sins' so long as he is unwilling to forgive those who have sinned against him."

"The strongest sermon that ever thrilled a human heart or mastered the passions of the human race is that sermon that goes out from a spirit filled spirit thrilled Christian life. If you can't preach, you can live."

ELM GROVE AND UNION IN MEET

DEMONSTRATION HELD OF VITALIZED AGRICULTURE WORK.

ELM GROVE A PIONEER

In This Work—Both Schools Had Exhibitions of Which They Might be Justly Proud of.

A vitalized agricultural meeting was held last night at Elm Grove school, a pioneer in this practical field of knowledge, it being one of the first four schools of Nodaway County to introduce the work into its daily program. Two schools united for this meeting, Elm Grove, taught by Christy Waldier, and Union school, taught by Opal Birkenholtz. Both had exhibitions of which they might be justly proud, as they are TWO of the groups which are making Nodaway County nationally known.

Professor Cooper gave an interesting talk, telling the history of a vitalized agricultural bulletin. On the cover of this bulletin is a picture of Eugene Hummon, a former pupil of Elm Grove school. This bulletin is being used in South Dakota and was also used by the Western School Journal of California, a widely read magazine.

An explanation of the township and district division was given by Forest Howard. A very well made hog trough was demonstrated by Thelma Hayden, who gave a minute description of the dimensions and material required. Eugene Howard of the Elm Grove district presented his original plan for a calf stanchion.

A reminder of the close Thanksgiving time was carried out in two songs by Marzella Clary, and a play, "Catching Our Thanksgiving Turkey," by the third and fourth grades. Robert Tibbetts explained the process of making a practical milkstool. The live stock survey by Forest Howard gave the number of acres in each farm, the kind of stock, amount and grade was recorded. Union school was represented in this by Grace Hayden. Eugene Howard gave a summary of the total survey in the Elm Grove district and Edith Howard in the Union district.

Another phase of practical and interesting work was that of the biting and sucking insects. Robert Tibbetts made a mounting case. Eugene Howard showel how to make kerosene emulsion and Paris green. A chart drawn by Velma Hayden was shown which gave the life cycye of the fly, the stages and number of days in each stage.

Upon demonstration of the cyanide bottle by Grace Hayden, an incident was recalled by one of the visitors, which shows the interest and unconscious effort given by even small children in this work.

In gathering cabbage leaves as food for these insects, one small child was asked whether or not the insects were afraid of them. "Oh, no," was the answer. "They are so interested in their work, and in using their brain, that they don't even notice us."

The meeting closed with a contest in locating land, Forest Howard representing Elm Grove, and Velma Hayden Union school.

MARYVILLE-GALLATIN GAME PLAYED HERE THANKSGIVING

Game for Today Cancelled. Town People Urged to Help Boys By Good Attendance That Day.

The Gallatin high school foot ball team will play the Maryville high school team at the College field here on Thanksgiving day. Such arrangements were completed last evening by Superintendent J. M. McDonald with the superintendent of the Gallatin schools. The Maryville team were to go to Gallatin today for a game but this game was cancelled.

The game here Thanksgiving will decide the championship high school team of northwest Missouri and a hotly contested game is promised. Gallatin has scored 205 points against their opponents 15 in seven games. While Maryville has scored 189 points against 12 in six games.

It was necessary to guarantee Gallatin $200 to come here for this game. In addition the other expenses of the game will probably be $50.

On account of this heavy expense, it will be necessary to make the admission charge 50 cents for the game. Tickets will be on sale within the next few days and it is hoped the town people will help out the boys by buying tickets.

Coach Zeizler has announced that the four-game tickets will not be good for the championship game Thanksgiving. Those holding these tickets may have them redeemed by presenting them to the High School Athletic Association. The four-game ticket and 25c will admit anyone to the Thanksgiving game.

SHARP NOTE WAS SENT TO MEXICO

DEMAND THE PROMPT RELEASE OF CONSULAR AGENT JENKINS

FORCES MIGHT BE USED

Not Only to Effect Jenkins Release but to set Matters Right in the Neighborhood Republic.

Washington, Nov. 21.—Quick action on the part of Mexico was demanded today by the state department in a sharp note to Carranza, warning him against further molestation of the American Consular Agent Jenkins. The latest reports indicate Jenkins is in jail.

Armed intervention in Mexico on a scale calculated to pacify that country completely may be resorted to by the United States unless this government's demand for immediate release of Consulary Agent Jenkins is granted according to information obtained at the state department today.

The sharp note sent to Carranza is not an ultimatum, but unless the Mexican government replies within a reasonable time, it was stated, the military forces of the United States might be brought to bear not only to effect Jenkins' release, but to set matters right in the neighborhood republic. According to a high source here today, if the United States is forced t o intervene in Mexico at all it will make a clean sweep of the operation.

Quietly and seriously the miners representatives informed the operators the wage proffer of fifteen cents additional for coal diggers is not acceptable and cannot be considered by the miners as a basis of settlement. The operators indicated the sum of proffer will not be increased.

DOES IT CATCH YOU —Right in the Back?

It may be that you are mysteriously attacked by pain in back, (lumbago), or limbs, "neuralgic" pains—shooting anywhere. Backache of any kind is often caused by kidney disorder, which means that the kidneys are not working properly. Poisonous matter and uric acid accumulate within the body in great abundance, overworking the sick kidneys. Perhaps you have become nervous, despondent, sick, feverish, irritable, have spots appearing before the eyes, bags under the lids, and lack ambition to do things. The latest and most effective means of overcoming such trouble, is to drink plenty of water between meals, and take a single Anuric (anti-uric-acid) Tablet before each meal for a while, or until recovered.

No More Gentle Than "Cascarets" for the Liver, Bowels

It is just as needless as it is dangerout to take violent or nasty cathartics. Nature provides no shock-absorbers for your liver and bowels against calomel, harsh pills, sickening oil and salts. Cascarets give quick relief without injury from Constipation, Biliousness, Indigestion, Gases and Sick Headache. TO KEEP CUT FLOWERS

Cut off ends of stems before placing in water. Repeat this whenever water is changed—which should be at least every other day. Use only good fresh water for the keeping of all cut flowers. Keep flowers away from extreme heat and out of strong draughts. If these few simple rules are followed Engelmann's Fresh Cut Chyrsanthemums will last about three weeks, Carnations about two weeks and other varieties of Engelmann's Fresh Cut Flowers accordingly.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 10c and 25c.

HER DAUGHTER WAS SAVED FROM OPERATION

Mrs. Wells of Petersburg Tells How.

Petersburg, Va.—"For two years my daughter suffered from a weakness and pains in her right side; at times she was so bad she could not do any work. For two years she was attended by the best physicians here, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her."—Mrs. W. D. WELLS, 226 North Adams Street, Petersburg, Va.

If every girl who suffers as Miss Wells did, or from irregularities, painful periods, backache, sideache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.
